

KURUVA MANIKANTA REDDY

Computer Science Engineering Student | Full-Stack Developer | AI Enthusiast

Phone: +91 7997702136 | Email: manikanta79977@gmail.com | Location: Adoni, Kurnool, AP, India
LinkedIn: linkedin.com/in/manikanta-reddy-926b2837b | GitHub: github.com/mani-reddy-02

PROFESSIONAL SUMMARY

Computer Science Engineering student with a Diploma in Computer Engineering (92.17%) and hands-on experience in full-stack web development, AI-driven applications, database systems, and real-world software projects. Experienced in developing web platforms using React.js, Node.js, Express.js, PHP, MySQL, PostgreSQL, and modern development tools. Worked on healthcare, room booking, logistics, career-tech, and technology platforms with strong skills in REST APIs, authentication, and AI Agents.

TECHNICAL SKILLS

Programming: C, C++, Core Java, Python, JavaScript, PHP
Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Bootstrap
Backend & DB: Node.js, Express.js, PHP, MySQL, PostgreSQL, Supabase, Firebase, REST APIs
Data & AI: Python, Pandas, NumPy, Scikit-learn, Machine Learning, NLP, Generative AI, AI Agents
Tools & DevOps: Git, GitHub, Docker, VS Code, Android Studio, XAMPP
Core Concepts: Data Structures & Algorithms, OOP, DBMS, Software Engineering, Authentication

PROJECTS & PRACTICAL EXPERIENCE

MediQueue — Healthcare Platform

Full-Stack Developer | React.js, Supabase, PostgreSQL, AI Chatbot

Developed healthcare platform connecting patients with hospitals and labs. Built OP appointments, video consultations, and integrated cloud database with M

Mantralayam Rooms Booking — Web Accommodation Platform

Full-Stack Developer | PHP, MySQL, Bootstrap, JavaScript, AJAX

Engineered web booking platform with real-time room availability, date validation, admin management, and email/SMTp communication functionality.

dParcels — Real-Time Parcel Delivery Platform

Developer | Web Technologies, AI Agent Integration, Git/GitHub

Built logistics parcel delivery system in a 2-member team, featuring automated workflow tracking and intelligent AI Agent support with an integrated chatbot.

EmpowerPath — AI-Driven Career & Entrepreneurship Ecosystem

Project Developer | Python, Generative AI, AI Agents, ML

Designed platform providing AI career guidance, resume feedback, mock interviews, opportunity matching, and startup discovery for students and job seekers.

Banking ATM Facial Recognition

Team Leader | Java, XML, MySQL, Android Studio, Biometrics

Led a 6-member team in creating a biometric ATM security prototype using facial and iris recognition for enhanced identity verification.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science Engineering

Madanapalle Institute of Technology & Science (MITS)

2025 – 2028 | Currently Pursuing

Diploma in Computer Engineering (Score: 92.17%)

Bheema Institute of Technology and Science, Adoni, Kurnool

2022 – 2025 | Percentage: 92.17%

SSC — State Board (Score: 80.8%)

Z.P.H.S High School, Kammara Chedhu, Kurnool

2021 – 2022 | Percentage: 80.8%

TRAINING, CERTIFICATIONS & ACHIEVEMENTS

- Technical Training: Groww India Solutions (6 Months Web & Python)
- Generative AI — Google Cloud Careers
- Introduction to Data Science — GUVI / HCL
- Java Programming — Udemy
- NPTEL — Soft Skills Certification
- Smart India Hackathon (SIH) — College Level Selected
- School People Leader (SPL)
- Chess Winner — Diploma College Sports Meet
- Languages: English, Telugu, Kannada, Hindi
